

Ekrem Ata Bodur

Summary

Self-Learning and Improving skills. I have been working to add **values** to myself since High School. I'm always trying to be better on the things that i already capable of and the project that i lead in my erasmus journey was the **milestone**. It was the proof of the things that i learned and discovered theoreticly, also works in practice. **Teamwork, Project Management, Self-Learning skills.**

Experience

2018-01 - 2018-06 **Project Management**

Windesheim University - International Office / IT Department

Our project was creating a mobile application to gathering the information faster and easier for the Windesheim University students who wants to take part of the Erasmus/Exchange program.

Responsibilities;

- **Leading the project:** I was the manager of the team of 4 people. Appointments Schedule, Decision Making, Time Management everything related to management was in my responsibility. I was communicating with the customer and discussing with my team about the needs, then reporting the final solution that we can offer.
- **Design:** I personally did the design of the application.
- **Marketing:** Every single promotional matterial was in my responsibility. Presentations, Promo-Videos, Flyers.

Our app is implemented in React-Native and ASP.NET frameworks

2015-11 - 2016-06 **IT Support Trainee**

VEMAG Makine San. ve Tic. Ltd. Şti.

Project Description: Renewing all the IT System in the office including, Accounting Program, Storage Server, Web-Site, Client Computers.

Responsibilities;

- Searching for an outsourced firm to implement the Web-Site and being a bridge between CEO and the firm to express the needs of the company.
- Determining the hardware and software needs of the company.
- Making a market research to find the best solution for their outsourced IT needs.
- Beside of the outsourced IT Services, making all the setups that is has to be done by company it-self

Education

2015-09 - present **Yeditepe University**

Bachelor's Degree in Management Information Systems

2018-01 - 2018-06 **Windesheim University of Applied Sciences**
